PRICE FIVE CENTS

HOUSE BURNS THIS MORNING; LOSS IS \$6,000

Damage was estimated at \$6,000 this morning when fire broke out in a tenant house at the Glenn Kime poultry farm, Gardeners R. 1. The home is tenanted by Mr. and Mrs. Irvin Fair and their family.

Mrs. Fair was awakened by the odor of smoke about 2:15 this morning and found smoke filling a second-floor room in which her daughter, Mary, 12, was sleeping. She awoke Mary, Mr. Fair, their ten-year-old son, Alfie, and a two-year-old grandson, Steve Steiger, who was visiting his grandparents. The family rushed from the home.

Mary Fair was sent to the Glenn Kime home nearby and she awoke that family. While Mrs. Kime phoned for the Bendersville firemen, others of the Kime and Fair families rushed back to the tenant house and began to remove furnishings and clothing. Nearly all of the clothing and furniture was saved.

4 COMPANIES CALLED

The fire burned up through two rooms on the second floor and around the kitchen ceiling, and into the attic and the roof. About half of the roof was destroyed.

Bendersville firemen called Aspers, Biglerville and York Springs companies to assist immediately upon their arrival at the house. As the fight against the blaze began, however, it was evident that all of the equipment was not needed and Biglerville and one York Springs truck were turned back by radio communications before they reached the scene.

Bendersville firemen continued their work of fighting the blaze and mopping up afterward until 4:50 this morning.

Two Drivers Are Jailed Early Today

Two young men were placed in jail this morning at 1:55 o'clock by borough police on charges involving driving while under suspension.

Jack G. Jones, 19, Harrisburg, was charged by the officers with driving while his license was suspended. Allen M. Keith, 18, Chambersburg, was charged with permitting Jones to drive his car while Jones' license was suspended.

Later this morning Keith paid a fine of \$25 and costs on the charge against him before Justice of the Peace Robert P. Snyder and was released. Jones at the same time pleaded guilty before Justice Snyder and posted \$500 bail for an appearance before the county court for sentence in October.

2,500 ATTEND OPENING DAY OF FARMERS' FAIR

The 17th annual Adams County Fair opened Tuesday evening near Abbottstown with one of the largest collections of exhibitions in the history of the event. The livestock buildings are filled with horses, mules, goats, sheep, hogs and cattle and the 4-H exhibits surpass all previous years.

Outstanding in the exhibition area are the needlework and culinary displays and the school art section, largest in years. Exhibits will be judged this afternoon.

Approximately 2,500 persons attended the opening with Tex Ritter and his Western Boys and the Busy Bees staging two complete shows from the bandstand in the center of the grounds. Children will be honored today at a matinee performance of the two troupes at 4 o'clock. Saturday's matinee will feature the Busy Bees and (Continued on Page 2)

PSYCHIATRIST GIVES ADVICE TO TEACHERS

(Please See Photo On Page 3)

Dr. J. M. McGrath, Harrisburg psychiatrist and consultant to the Adams County public schools and Gettysburg College, Tuesday told special education teachers from a tri-county area that better communications between children, parents and teachers are needed in dealing with the retarded child in the classroom.

Dr. McGrath addressed the group in a two-day workshop in the Franklin Twp. school, where special education teachers from Adams, Franklin and Fulton Counties are meeting through today.

"Life is not ideal under the best circumstances," Dr. McGrath said, "but honest communication has a tendency to reduce conflict rather than accentuate it." He spoke of the "topography and structure" of the personality of retarded children and defined the roles of the various disciplines. He cautioned teachers to remember that they are "also dealing with the child's parents, his peers and the teacher's own reaction to the child."

The workshop is dealing particularly with understanding and dealing with the classroom behavior of exceptional children and in helping beginning teachers in classroom management problems.

Mrs. Jean Pownall, Gap, in her discussion sessions Tuesday afternoon with new teachers, stressed the criteria for special class placement and outlined the differences between normal and retarded children and the importance of assembling pertinent behavior data on each child. She discussed special curriculum areas in the special class program this morning and advised the use of art, music, physical education, library and visual aids in the classroom.

Miss E. Elizabeth Rutledge, supervisor of special education in Adams County, presided at the group discussions in the auditorium this morning. The workshop will conclude this afternoon.

ASPERS MAN ACQUITTED IN COURT TODAY

David Henry Dixon, Aspers, was found innocent early this afternoon by an Adams County jury on a charge of receiving stolen property.

Dixon told the jury he had no idea a watch was stolen when he purchased it in the county jail from another prisoner for eight packs of cigarettes. He said the first knowledge he had that the watch did not legitimately belong to the other prisoner was when prison authorities concluded a "shake down" and took the watch. The other prisoner stole the watch at the county home while working there as a prisoner laborer.

The jury returned its verdict at 12:05 this afternoon.

LAST JURY TRIAL

Another jury began this morning the trial of Daniel Z. Pennewill, Hanover, on a failure to support a child case. The Pennewill trial is the last for jury action during the current term and all jurors, with the exception of the Pennewill panel, were dismissed.

There are still several trials to be held before the court without a jury.

Among trials continued to October was one on receiving stolen property, offering for sale a motor vehicle with altered serial number and conspiracy against James Edgar Tawney, Gettysburg R. 2, and Albert LeRoy Wolford, Orrtanna R. 1. District Attorney Gerald R. Walmer said the case was continued because Tawney is scheduled for trial on a York County case during the present term of York County court.

The jury which heard the Dixon case included Harold Kemper, York Springs R. 2; Robert G. McBeth, Biglerville R. 1; Dorothy Williams, York Springs R. 2; Clinton O. Sentz, Littlestown; Mary A. Roberts, Gettysburg; Esther R. Palmer, New Oxford R. 2; Jay P. Brown, Gettysburg; Irvin Kindig, Littlestown R. 2; Anna D. Hoyer, New Oxford R. 1; Robert C. Carey, Aspers R. 1; Marie G. Sneidering, Hanover R. 5, and Kenneth L. Fair, Gettysburg.

Democrats Ready To Nominate LBJ By Acclamation: Humphrey Likely As No. 2

ATLANTIC CITY, N.J. (AP) — Democrats turn from convention battles to the loud but peaceful ritual tonight of acclimating President Johnson as their nominee and hearing finally his choice of a running mate.

All hands — including Sen. Eugene J. McCarthy's — pointed to Sen. Hubert H. Humphrey, the bustling quick-talking party whip in the Senate as the man Johnson wants for vice president.

McCarthy, who had been another favorite in the vice-presidential derby, declared today in favor of Humphrey, a fellow Minnesotan.

PRACTICAL WITHDRAWAL

McCarthy sent a telegram to Johnson this morning, acknowledging he had been interested for several weeks in the job but concluding:

"It is my opinion the qualifications that you have listed or which you are said to have listed as most desirable in the man who would be vice president with you would be met ad-

mirably by Senator Humphrey. I wish therefore to recommend for your primary consideration Senator Hubert H. Humphrey."

DECISION SOON

There was no immediate comment from the White House in Washington. Press Secretary George Reedy said he knew

nothing about the McCarthy telegram except for news accounts on it.

Sometime in the next few hours, Johnson will — one way or another — make his choice known.

But no one professed in advance to know just how or when.

Delegates who eddied around in this football field-sized hall had gone through all of the characteristic motions of a Democratic convention and now were ready for the big show.

ADOPTED PLATFORM

They had adopted a platform giving the Republicans what-for but carefully tailored to fit Johnson's prescription for a consensus party within which Southern conservatives could labor alongside Northern liberals in the campaign vineyard for the President's election in November.

They patched up a compromise nobody liked over the question of seating a Mississippi delegate.

USE VOLUNTEER HELP

Further plans were discussed for the special registration of voters scheduled to be held Thursday, Friday and Saturday from 6 to 12 o'clock each night at the Adams County Fair and the Kingsdale Firemen's Festival. A similar registration period will be held at the South Mountain Fair September 10, 11 and 12.

With the county political parties cooperating, the registrations are to be carried out by volunteer help. Forms for swearing in the special registrars, and other materials for the special registration periods were checked Tuesday. The special sitting of registrars at the fairs was decided as an experiment. If there are sufficient registrations it is probable registrations may be held in the future.

The commissioners voted against providing any funds for property damages in connection with a bridge being built by the state over Bermudian Creek south of Gardeners on Route 0104-9. The state had asked the county to give \$100 toward damages.

TWO DRIVERS CHARGED

Justice of the Peace Robert P. Snyder has sent 10-day notices to Jere W. Aughinbaugh, Gettysburg R. 4, on a stop sign charge and David N. Abbott, Levittown, charged with failing to stop for a red blinker light. Both informations were filed by borough police.

CODE VIOLATORS

The following recently forfeited fines in Westminster on motor code violation charges: Francis V. Staub Jr., Gettysburg, \$13, exceeding 30 miles per hour; John L. Bradshaw, Taneytown, \$13, exceeding 50; Edgar D. Shaffer, Taneytown, \$14, exceeding 25; Francis B. McNair, Taneytown, \$8, speed too great; Richard Leidy Jr., Littlestown, \$8, passing when unsafe to do so.

Predicts Bodies May Be Frozen, Returned To Life

By FRANK CAREY

Associated Press Science Writer WASHINGTON (AP) — A pioneer in kidney transplants forecast today that victims of organic ailments may eventually be frozen in suspended animation and later returned to life when replacement organs are available.

Dr. Richard Lillehei of the University of Minnesota said that might be possible when top statesmen, scientists, humanitarians, athletes and other outstanding persons die from diseased hearts or other organs.

He said such a concept would raise ethical questions as to who should be so preserved, but expressed a belief such problems might be worked out.

CONTROLLED COLD STORAGE

He also envisioned the day when space voyagers could be kept in controlled cold storage in their spaceships for trips beyond the solar system lasting as long as 300 years.

He said that might be possible

not long after the turn of the century.

It's conceivable, he said, that such deep-frozen astronauts could be so preserved that their bodies would not age, and could be automatically thawed out, and be ready for exploration when they reached their interstellar objective.

TELL ABOUT DEVELOPMENTS

He and a number of associates told about the developments in technical reports to the first annual meeting of the Society for Cryobiology, an organization devoted to studying the preservative effects of applying extreme cold to living tissues.

Lillehei in an interview said recent advances have been made at the University of Minnesota in taking kidneys from human corpses, preserving them for up to 11 hours after the patient's death at temperatures just above freezing, and then transplanting them into patients facing death from kidney ailments.

Chicago Boy Pedals 1,000 Mi. To Fair

Dick Ahern, son of a Chicago bicycle dealer, who started to pedal his way from his home to the New York World's Fair on August 16, reached Gettysburg Tuesday afternoon about 2 o'clock.

He was about on schedule and expected to complete his 1,000-mile trip in about two days. Except over the mountains, he averaged 100 miles a day. He kept his luggage to 15 pounds and his bicycle which has 15 speeds weighs only 25 pounds.

FARMERS ARE ELECTING ASC COMMITTEES

Adams County farmers are currently electing their community agricultural stabilization and conservation committees.

George Stock, chairman of the county ASC committee, announced today that notices have been mailed farmers asking them to vote and return their ballots to the county ASC office not later than 5 p.m. next Tuesday. The county committee will publicly tabulate the ballots at 7:30 p.m. September 3.

Stock also announced that if any eligible county farmer has not yet received a ballot he should contact the local ASC office in the Adams Electric Cooperative Building, rear of N. Stratton St.

LIST 60 CANDIDATES

Ten candidates are listed for each community committee. The farmers in each community area will vote for five of the 10 men on their ballot. When the votes are tabulated, the man receiving the highest number of votes will be the community committee chairman, the one with the second highest vote chairman, third highest regular member and the next two will be first and second alternate respectively. The man elected committee chairman will be delegate to the county convention to select the county committee with the vice chairman (Continued on Page 10)

ACQUIT YOUTH OF CONSPIRACY TO BLACKMAIL

An Adams County jury Tuesday afternoon found Harold David Trivitt, 18, Gettysburg R. 5, innocent of attempted blackmail and conspiracy.

Trivitt admitted that he had taken part in the "pay off" of a blackmail attempt, but said he did so without knowledge of what was occurring.

Testimony at the trial showed someone phoned Donald Gordon, an employee at Howard Johnson Restaurant, and told him to put \$300 in an envelope and someone would call for it. Gordon was told that if he did not, the tires of his car would be slashed, the windshield would be broken, the car demolished and then "someday when you walk down town area will be thrown in your face." The person on the phone referred to himself as "The King." Gordon phoned police after the first call and the officers asked him to "play along" with the blackmailer and arrange for a "pay-off," which would be watched by the officers, who would then nab the culprits.

Trivitt claimed he knew nothing of "the King" or the arrangements. He said he was in New Jersey and had arrived home on a Saturday. That afternoon he met Terry Lee Woodward, 21, of Gettysburg, who invited him to go along for a ride in Woodward's car. Trivitt said he had sought to borrow \$7 from Woodward, whom he already owed \$3, and that Woodward said he would give him \$10 after collecting from Gordon. When they arrived at the restaurant, Woodward parked, asked Trivitt to go to the restaurant and ask for Gordon and tell him he had come to collect an envelope. Trivitt was asked then to tear off the corner of the envelope to see if it contained the money for Woodward. Trivitt held he had no knowledge of what the money represented.

When Trivitt went to Gordon, Gordon asked him to step out (Continued on Page 10)

Local Girl Wins State Peach Dessert Contest

CAROL HOSTETTER

Carol J. Hostetter, 19, daughter of Mr. and Mrs. John E. Hostetter R. 2, Tuesday became Pennsylvania's new peach dessert queen.

Miss Hostetter, who has cooking and sewing as hobbies, captured the county queen title last week in order to complete Tuesday at York.

She won the honor in the state peach growers' event with a "Peach Dessert Roll" in competition with other county winners. The runnerup Tuesday was Judy Mellott, 17, Mercersburg R. 2, who entered a peach whip dessert. Ann Bivens of St. Thomas was last year's queen.

GIVES HER RECIPE

A graduate of Gettysburg High School, Miss Hostetter studied home economics last year at Bridgewater College, Va. This fall she will enter Drexel Institute as a Sophomore in home economics majoring in fashion merchandising.

Active in the youth group of the local Church of the Brethren, she is a past officer of that organization. She was a member of a 4-H flower club while in school here. She was active in the Girl Scouts.

Her peach dessert roll which won the state honor starts with four egg yolks, ¾ cup sugar, a half teaspoon of vanilla, four egg whites, ¾ cup of cake flour, ¼ teaspoon of salt and a teaspoon of baking powder. First she beat the egg whites until almost stiff, then gradually added ¼ cup of sugar and beat until the whites and sugar were very stiff. She beat the egg yolks until they were thick and lemon colored, then gradually added the remaining ¼ cup of sugar and the vanilla. The yellow was then folded into the egg whites after which the flour, sifted with the salt and baking powder, was folded in carefully. A 10½ by 15-inch jelly roll pan was then lined with wax paper, with the paper just the width of the pan and about two inches longer than the pan.

After pouring the batter into the pan and spreading it evenly to the corners, she baked it at 375 degrees for 12 minutes or until the cake sprang back when lightly touched. She spread a tea towel with a layer of confectioners sugar and then placed the baked cake on that.

Meantime she had prepared a peach filling, using one-half pint whipping cream, three tablespoons of sugar, and a cup of finely sliced peaches. She whipped the cream until it was light and fluffy, then gradually added the sugar and peaches, and mixed (Continued on Page 2)

Fractures Bone In Left Foot

Mrs. Arnold Orner, 55, Biglerville, was treated Tuesday at the Warner Hospital for a fractured bone in her left foot suffered when she fell Monday evening in the garage at her home.

Karen Kaiser, 2, daughter of Mr. and Mrs. James Kaiser, Littlestown R. 2, who caught her left hand in a car door, was treated for a laceration.

David Lutz, 17, 104 Johns Ave., received treatment for a laceration below the right eye sustained while playing football.

Birth Announcements

At Warner Hospital
Mr. and Mrs. Glenn Hoffman, Taneytown, son, Tuesday.

Mr. and Mrs. Robert Weikert, 31 Barlow St., son, today.

At Hanover Hospital
Mr. and Mrs. James A. Forbes, McSherrystown, son, Monday.

At York Hospital
Mr. and Mrs. Donald E. Kline-dinst, Abbottstown R. 1, son, Monday.

PUPS NEED HOMES
Two remaining puppies in an abandoned litter of five need homes, Dr. Richard Newsham, Fairfield Rd. veterinarian, said this morning. He suspects they are "all American" but tend toward the setter-beagle families. They are black and white and short-haired. One is male and the other female.

DRIVER FINED \$150
Jerry Reese, Gardeners, charged with his third offense of driving without being licensed, was given a suspended sentence of six months by Judge Robert Lee Jacobs, Carlisle, Tuesday on condition he pay \$150 to the use of the county.

TOPPING OF PEACHES
After pouring the batter into the pan and spreading it evenly to the corners, she baked it at 375 degrees for 12 minutes or until the cake sprang back when lightly touched. She spread a tea towel with a layer of confectioners sugar and then placed the baked cake on that.

Meantime she had prepared a peach filling, using one-half pint whipping cream, three tablespoons of sugar, and a cup of finely sliced peaches. She whipped the cream until it was light and fluffy, then gradually added the sugar and peaches, and mixed (Continued on Page 2)

Cleo Perils Florida Keys; 64 Are Dead

MIAMI, Fla. (AP) — Hurricane Cleo, with at least 64 dead in her wake, thrashed slowly and erratically today across central Cuba on a course threatening the Florida Keys.

The Miami Weather Bureau predicted that minor squalls in advance of the storm would reach the Keys during the afternoon and it expected to hoist gale warnings tonight.

Coming off the north coast of Cuba, over the warm waters of the Florida Strait, the hurricane could quickly regain some of its lost power. Its winds, which hit 140 miles an hour over Haiti, dropped to 75 over Cuba.

ISSUE WARNING

Reports from Cuba on the storm's position were not complete.

The Weather Bureau estimated that the storm was centered at 8 a.m. (EST) near latitude 22.3 north, longitude 79.6 west. This is 210 miles southeast of Key West and 250 miles south-southeast of Miami.

The hurricane, which killed at least 14 on the island of Guadeloupe and an estimated 50 in the mountains of Haiti, moved into Cuba Tuesday afternoon.

Residents of south Florida were warned to keep in touch with advisories and be ready to take quick safety measures.

Double Sessions For Kindergarten

For the first time the Christ Lutheran Church Kindergarten will hold morning and afternoon sessions beginning Wednesday, September 9. The morning group will meet from 9 to 11:30 and the afternoon 12:45 to 3:15 o'clock.

Mrs. A. E. Rice, chairman of the Kindergarten committee, and Mrs. Howard N. Bream, teacher, will discuss objectives and policies of the school with the parents at a meeting in the parish house Tuesday, September 8, at 8 p.m.

Registrations are still being received at the church office for the afternoon session.

Talks In York On "Old Penna. Tour"

William F. Richardson III, director of the National Civil War Wax Museum, Tuesday night at York County courthouse spoke to York civic leaders about what he said are the monetary benefits of the proposed "Old Pennsylvania Tour."

Richardson, who is chairman of the study committee for the proposed tour, said that he was interested in getting at least five and maybe six counties in "organized tourism" for South Central Pennsylvania.

Counties included in this proposal are York, Cumberland, Dauphin, Adams, Lebanon and possibly Franklin.

According to Richardson, the cost for promoting the tour during the first year will be a total of \$50,000.

The talk was sponsored by Colonial York Tourist Bureau.

HOLD SERVICES TODAY

Funeral services for Dwight McCans, 76, Gettysburg R. 3, who died Sunday enroute to the Warner Hospital, were held this morning at 10 o'clock from the Peters Funeral Home. The Rev. Gerald Klassen officiated. Interment was made near Fayetteville. The pallbearers were Russell and Robert Barbour, Kenneth Bream, Lloyd Benner, William Jordan and Dorsey Shultz.

COVERS 1,500 MILES

The Gettysburg ambulance has accumulated a record of 1,500 miles since August 17 in five trips, three of which were emergencies. Donald Jacobs, member of the ambulance corps and custodian at the engine house, said that local patients were taken by ambulance to Washington, D. C.; Baltimore, Philadelphia, New York City and Lebanon. The three emergency trips were made Saturday, Monday and Tuesday by Jacobs and drivers Raymond Menges and James Poland.

The couple plans to reside in Germany indefinitely.

Edw. K. Hibsham Succumbs At 76

BELLEFONTE, Pa. (AP) — Edward K. Hibsham, associated with Pennsylvania State University for more than a half a century, died Monday at Centre County Hospital. He was 76.

Hibsham retired in 1947 as executive secretary-treasurer of the University Alumni Association. During the 1920s he served as assistant to the president. In 1938-39, he was national president of the American Alumni Council. A 1909 graduate of Penn State, Hibsham performed agriculture research until 1912, developing a new type of filler tobacco bearing his name. He was assistant to the director of agricultural extension between 1912 and 1920.

Hibsham was a native of Ephrata, Lancaster County.

ARREST 7 ON DRUG CHARGES

PHILADELPHIA (AP) — Federal and city narcotics agents arrested seven men Tuesday and charged them with possession and sale of narcotics.

U.S. customs officials also participated in the investigation to determine whether any narcotics had been smuggled into the country.

Arrested were Charles Gray, 35, Jeremiah Bembry, 30, James Baxter, 35, Bernard Moore, 33, Andrew Gantz, 30, David Lucas, 40, and Melvin Dudley, 28.

Police said Moore, Gantz and Lucas were already in jail on other narcotics charges. Federal detainees were lodged against them.

Hearings for Moore, Gantz, Lucas and Baxter were ordered for today. U.S. Commissioner Edward Furia set bail of \$5,000 for Gray and Bembry. Dudley was held for further hearing before Furia.

ACCORD ENDS PAN AM STRIKE

WASHINGTON (AP) — Transport workers returned today to their jobs at Pan American Airways following a strike-ending agreement on a new labor contract which one union official called the best ever negotiated in the industry.

The strike of AFL-CIO Transport Workers Union members lasted less than 24 hours but crippled the airline's operations to foreign points from New York, Miami, Washington, Seattle, Wash., Portland, Ore., San Francisco, Los Angeles and Houston, Texas.

Pan American operates no domestic flights.

The air line recalled all its employees to duty shortly after the agreement was reached. Board Chairman Juan Trippe said extra planes will be operated in transatlantic service to accommodate any backlog of traffic.

Details of the new contract covering 12,000 union members — maintenance and ground service personnel and flight attendants and stewards — were not disclosed pending ratification by rank and file union members.

COLOMBO, Ceylon (AP) — A group of Buddhist monks has started a campaign against a government bill which would establish a press council to control newspapers.

REPORT FRESH BLOODSHED IN S. VIET NAM

By ROY ESSOYAN
SAIGON, Viet Nam (AP) — Maj. Gen. Nguyen Khanh failed today to convince fellow members of the ruling revolutionary military council that they should quit politics to prevent new riots.

"We are not even close to a decision," said Lt. Gen. Tran Thien Khiem, one of the most powerful officers on the 60-man junta.

Fresh bloodshed in the north attended deepening of the political crisis that led Khanh to resign Tuesday as president, junk a controversial constitution and pledge a new deal for this Communist-menaced republic.

A source close to the junta said the question of electing a new national leader — part of an arrangement with the leaders of student and Buddhist demonstrators — was not even discussed.

Before the five-hour meeting broke up, student leaders threatened new mass demonstrations unless the military men returned to fighting the war, opening the government to civilians.

Khanh called the situation serious.

Buddhist rioters thronged in and around Da Nang, 380 miles northeast of Saigon, for the third straight day and South Vietnamese troops intervened for the first time to check their antigovernment, anti-Catholic and anti-American demonstrations.

2 KILLED IN 'PIKE CRASH

EPHRATA, Pa. (AP) — A father and son from Indiana were killed Tuesday when the station wagon in which they were passengers struck a medial barrier on the Pennsylvania Turnpike near the Morgantown interchange. Three other members of the family were injured.

Norman H. Katz, 34, of South Bend, was killed when the impact threw him into an oncoming truck. His son, Joel, 11, died from internal bleeding at Ephrata hospital.

Katz' wife, Lila, 31, who was driving, and two other sons, Martin, 10, and Ronald, 6, were admitted to the hospital.

Mrs. Katz was reported in fair condition suffering from lacerations of the scalp and back and shock. In satisfactory condition were Martin, who suffered abrasions of the back, and Ronald, who suffered injuries to the back and neck.

The truck driver, Charles W. Lauble, 53, of Langhorne, Pa., escaped injury.

COMPUTERS TO HELP JOBLESS

PHILADELPHIA (AP) — A research company president says electronic computers can help solve unemployment problems caused by automation.

Herbert W. Robinson, president of the Corporation for Economic and Industrial Research, of Washington, D. C., said Tuesday that a single computer can match unemployed men and suitable jobs by memorizing and training to mind instantly the training specifications for every vacant position in the nation.

Robinson was here to attend the 19th National Conference of the Association for Computing Machinery.

Robinson expressed his belief that the unemployment caused by automation is only a passing phase of economic development. He said that the freeing of human beings from repetitive task "increases our standard of living just as surely as earth-moving machinery has freed the ditch-digger from heavy physical labor and lets him go on to more productive work."

DEATHS

Harry J. Mumma Sr.

Harry Joseph Mumma Sr., 71, Hanover, a veteran of World War I, died at 4 a.m. Tuesday at the Veterans Administration Hospital, Lebanon.

He was a son of the late David and Birtie Weaver Mumma. His wife, Dorothy E. Cassel Mumma, died March 11, 1959. Mr. Mumma was a self-employed blacksmith for many years before retirement. He was a member of St. Vincent's Catholic Church and Holy Name Society; Area 1406, Fraternal Order of Eagles; Post 2506, Veterans of Foreign Wars, and the Hanover Home Association.

Surviving are a son, Harry Jr., Hanover; two grandchildren; a brother, David J. Mumma Jr., McSherrystown, and a sister, Mrs. Marie Ginter, Hanover.

Funeral services will be held Thursday with prayers at 8:30 a.m. at the Panabaker Funeral Home, Hanover, followed by a Requiem High Mass at 9 a.m. in St. Vincent's Church. The Rt. Rev. Msgr. Robert J. Maher will be celebrant. Burial will be in St. Joseph's Cemetery. Friends may call at the funeral home this evening when the Rosary will be recited at 7:30 p.m. by Monsignor Maher.

maintained with the Kimes today. They will move into half of a double tenant house owned by Mr. Kime until the fire damage is repaired.

Because the worst of the fire occurred in the ceiling above the kitchen light, which was located below Mary's room, firemen believe the blaze may have been caused by a short circuit in the light fixture.

Former Bucknell Coach Is Signed

WILLIAMSPORT, Pa. (AP) — Gele Evans, former head basketball coach at Bucknell University, has joined the faculty and athletic staff of Lycoming College, the college announced today.

Evans, who left Bucknell in a huff about three weeks ago in what he called a difference over athletic policy there, will serve as an instructor of mathematics and will double as defensive backfield coach and offensive end coach for the Warrior's football team.

There was no mention of any basketball assignment for the former coach mentor who had a 15-29 record in his two seasons a Bucknell.

well. She spread the filling on the cake while the cake was still warm and then rolled up the cake and filling and placed it to chill. Prepared at the same time was a topping made of two cups of sliced peaches, a half cup of sugar, a teaspoon of lemon juice and a teaspoon of vanilla. She permitted the topping to simmer for about 15 minutes until it was slightly thick. She said the topping could be put over the cake roll either warm or cold.

Big Jump In Pa. Bank Resources

HARRISBURG (AP) — The Pennsylvania Banking Department says state banks had resources totaling \$10,752,457,869 at the close of the fiscal year ended June 30.

The figure was \$546.3 million higher than that recorded at the end of the 1962-63 fiscal year, the department noted in its annual report issued Tuesday.

The number of separate institutions declined from 221 to 216, the report stated, but the number of operating branches increased from 432 to 489.

BENDERSVILLE COUNCIL MEETS

Bendersville borough council Tuesday evening received a bill for \$3,825.17 from Oxford Construction Co. for construction of Laurel Lane and sanctioned a new form for building permits for local construction. Council met in the Bendersville Bank rooms in regular session.

Cost to the borough for the street construction is "something less than \$1,000," the remainder of the cost to be paid by state and county funds.

The new building permit will require prospective builders to submit a full description of the proposed building and estimated date of construction to council for approval before construction can begin.

The water committee reported that the water supply is only slightly below normal and no shortage is forecast at the present time.

Council approved payment of bills totaling \$2,305.55, of which \$2,099.18 is partial payment for construction of Laurel Lane and street maintenance.

POLICE SHOW ON THURSDAY

Some 70 members of the Pennsylvania State Police demonstrate the skill and daring which made the force famous in the Pennsylvania State Police riding exhibition Thursday at 2 p.m. in the Hershey Stadium in conjunction with the Pennsylvania Dutch Days celebration.

The format of the show contains elements of both the rodeo and the circus but resembles neither. There are mounted troops jumping through burning hoops, "human hurdle" jumps, trick and rough riding and many other stunts which keep thousands of spectators on the edge of their seats.

The trained police dogs perform in an act demonstrating some of the basic principles of traffic safety. A motorcycle drill is perhaps the most thrilling act in the entire performance, climaxed by 20 cycles criss-crossing at the center of the field at high speed, from all four corners.

The show is produced entirely by active members of the force, a fine afternoon's entertainment for young and old, and an effective reminder for all Pennsylvanians of the traditions which inspire their State Police. Admission is free.

egation not pledged to support the national ticket.

Five members of the predominantly Negro Mississippi Freedom Democratic Party gained entrance to the hall and sat down in the all-but-empty seats under the state's banner, where they weren't supposed to be.

Promptly the only three members of the all-white regulars who had agreed to go along with Johnson — and thus had been seated — vanished in the crowd.

Alabama delegates who had refused to take the loyalty pledge but had filled up the seats in that state's sector shouted a loyalty yell when House Speaker John W. McCormack, who took over as the convention's permanent chairman, asked for it.

The Alabamians said this made them legal delegates. Bailey said he knew nothing about any such arrangement, adding that "they are not in the convention." Since no roll calls seemed likely, nobody seemed to care much who sat in the Alabama chairs.

COMMOTION OUTSIDE

Skillful maneuvering kept the credentials fight off the convention floor, and there was no walkout to be recorded by television cameras.

Outside the hall the Mississippi Freedom Democratic Party delegates demonstrated on a side street, television cameras and passersby catching their activities.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY-FIVE YEARS AGO

Dr. Stoner to be interne: Dr. David C. Stoner, son of Mrs. C. A. Stoner, 129 Baltimore street, received notification today from the Navy department of his appointment as an acting assistant surgeon at the Naval Hospital in Philadelphia. He will report within the next few days to begin his internship. Dr. Stoner is a graduate of Gettysburg College and last June graduated from the University of Pennsylvania medical college, Philadelphia.

Biglerville Choir to Present
Recital: The St. Paul's Lutheran Church choir of Biglerville will offer its summer recital Sunday evening in the church at 8 o'clock. The participants in the recital's special numbers will include Bruce Nary, George Reisinger, Earl Crum, Kenneth Alwine, Thomas Enck, Evelyn Lawver, Rhea Shue, Harold Martenas, Mrs. G. E. Reisinger, Prof. and Mrs. C. L. Yost and Mrs. Harry Biesecker.

Boy, 8, Dies Under Wheels of Train: Stumbling as he fled down the track in front of a Western Maryland freight train, Marvin Francis Sprankle, 8, died under the wheels of the locomotive Sunday morning not far from his West Railroad street home and about 200 feet east of the North Washington street, pulling a small wagon coming panic-stricken when he became aware of the approach of the big "900" engine drawing 19 freight cars, the boy ran westward between the rails instead of leaping to the side and out of the path of the train. Witnesses told investigators Marvin had been walking toward his home, 41 West Railroad street, pulling a small wagon which bore a seven cent piece of ice he had secured at the Gettysburg Ice and Storage plant a few minutes earlier. When the boy noticed the train approaching he became confused and ran back and forth on the tracks, and finally stumbled and fell. Conductor H. G. King, who had shouted repeated warnings to Marvin from his perch on the right front platform by the cow-catcher, jumped off and grabbed the boy but was unable to drag him clear before the wheels of the huge engine passed over the child's body. The wagon with its load of ice was brushed aside by the train. It lost one wheel.

G.O.P. LEADS IN COUNTY:

Official registration totals for Adams county as announced this morning by Winfield G. Horner, chief clerk of the registration commission, show 19,145 men and women on the voting lists, with the Republicans holding a majority of 951 over the Democrats. Today's total is made up by these groups: Republicans, 9,921; Democrats, 8,970; undeclared 236; royal oak 11; prohibitionists, 4; and socialists 3. The Republicans now have the largest majority they have ever had in Adams County.

Acorn Club Observes Anniversary: The twentieth anniversary of the Acorn Club was marked at a dinner Thursday evening in the Hotel Gettysburg with 30 present and former members and guests in attendance. Miss Dorothy Foth, current president, served as toastmistress. Mrs. Ludwig C. Mortensen told of the organization of the club in 1919 with eight members as a community service organization with the formation of a Y.W.C.A. for Gettysburg as its first project. Miss Margaret Williams recalled the mutual interest in the formation of a "Y" that the club had

Today's Talk

FAR-OFF GOOD

There is no one who can adequately estimate the power and influence of the newspaper, magazine, TV, or the radio. Neither can anyone measure that of a single good book. All keep distributing far-off good.

Most of the things we say in conversation with others are easily forgotten, yet there is always something that remains, unconsciously. We are daily influenced that way. Impressions are left behind wherever the eye, ear, or voice is concerned. They are our educators.

We cannot perform a good deed, write or speak an encouraging word without starting each upon a far-off trip whose full import for good may never be revealed. Often to the far corners of the earth do these travel.

A friend of mine once told me how she had picked up a copy of Kenneth Grahame's beautiful book, "The Wind and The Willows," in a small Arizona town. She seemed so surprised to find this favorite book so far away, but its owner was just as surprised to find one who loved this book as she did. You will always find real and living books in the most unexpected corners of this world!

We may say things, write things, do things, and think that no attention has been paid to them, but they all live. Our influence so often takes hold where least expected.

Influence is so much greater than mere fame. The latter is all too often wiped out almost overnight, but good influence goes on forever.

As in my case, I am sure that many another can recall many an incident of kindly encouragement over the years that has been of the greatest influence. Perhaps many of these incidents didn't seem very important at the time, but loomed important in after life. I can never forget the kindness of a man whose encouragement meant the finishing of my college course.

Just Folks

THINKING

"The trouble with thinking is this," said he,

"A fearless man must the thinker be.

He must have courage to dwell alone,

To turn his back on the friends he's known

And to see men smile in a pitying way

When some shocking truth he is heard to say.

"It's easy to drift with the care-free crowd,

With whom 'yes' is the only reply allowed.

But once you have ventured to answer:

'No! I have thought it through and that isn't so,'

You will know by the sneers you've begun to rank

In the minds of men as 'another crank.'

"If you would have friends at your home to call,

Don't bother your head about things at all!

If you would be gay where the glasses clink,

Eat, drink and be merry, but don't you think!

For at table unwelcome you're bound to be

If with popular people you disagree.

"It takes courage to think in this world," said he,

"For a lonely man must the thinker be.

And most of us saddled and bitted and curbed

Are wholly content if we're not disturbed.

So loving our comfort and peace we shrink

From the views of the fellow who dares to think."

held with Mrs. Irene Reinwald. Meetings of the club were held in Mrs. Reinwald's home in Center Square that later became the YWCA building. The Acorn Club formed an advisory board to work on the "Y" project. The club helped pick the association's first board of directors, while its members joined individually and formed the nucleus of the present Business and Professional Women's Club. The roll call was conducted by Mrs. Percy Miller and showed 18 present members and nine former members in attendance in addition to the three advisory board members. The former members present were Mrs. Calvin Musselman, Hanover; Mrs. Lester Craley, Red Lion; Miss Dorothy Crouse, Harrisburg; Mrs. Arthur Aiken, York; Mrs. Curtis Klinefelter, York; Mrs. Robert Blocher, Washington, D. C., and Mrs. Mortensen, Mrs. George W. Boehnen and Mrs. Grant Reigle, Gettysburg. A large bouquet was placed in the drawing room of the YWCA in memory of these deceased members. DELAY NEW POLICE CAR UNTIL JAN. 1

Littlestown borough councilmen Tuesday evening decided to delay purchasing a new police car until after January 1, unless the present automobile requires major repairs prior to that date and authorized its secretary-manager, Roger J. Keefe, to obtain estimates from several contractors for placing a cover on a well as soon as possible.

Council also agreed to pay \$1,350 toward an emergency lighting system which will be connected to the generator panel being installed in the new fire house addition, providing the system will provide lights in every room and hallway in the building. An emergency system is required for the borough building, councilmen were informed.

Robert Stonesifer and Vernon Reaver, representing the Industrial Development Corp., appeared to discuss the installation of a new eight-inch water line on Monarch St., and presented bills to be absorbed by council. Borough council had agreed to pay the additional cost to install the larger line after the corporation had decided to lay a six-inch line, which was estimated at approximately \$3,000. Council expected the larger line and installation to cost an estimated \$3,000 in addition.

TO DISCUSS CODE
Local contractors are scheduled to meet again with the safety committee September 15 to discuss additional features of a proposed building code for the borough.

The street committee reported that construction of Cemetery St. is progressing slowly. All utilities and the fireplug are installed. New light bulbs will be placed in the present fixtures to improve lighting.

The utility committee reported that the grounds around the

wald. Greetings were read from former members who could not attend: Mrs. R. S. Becker, Columbus, Ohio; Mrs. Madeline Diehl, Berleis, Fort Meade, S.D.; Mrs. Helen Sheads Schubauer, Steelton, Mrs. Lee Shilliday, Charlestown, W.Va.; Mrs. J. W. Parlette, Woodside, L.I. and Ruth Jones, Shamokin.

quarry will be seeded later this fall and that a hedge will be planted to improve the appearance of the area. The manager was instructed to have a door repaired at the disposal plant and replace rotted louvers in the building.

ACCEPT STREET DEED

Council members signed an agreement to accept a quit claim deed for a new street in the McSherry development and agreed to keep the end of Columbus Ave. closed for a period of two years. Pending the completion of the agreement, lights will be installed on the street.

The mayor's report showed 39 parking violations for the month, 19 motor violations and meter collections of \$172 for the month. The police car traveled 1,415 miles.

Keefe was asked to have the borough's solicitor complete forms for application for funds to acquire land under Project 70 before the September meeting. The application must be filed by Oct. 31.

MAY REVISE ORDINANCE

Councilmen discussed possible need to reconsider revisions of some of the old borough ordinances to make Littlestown more attractive to developers and industry and each member was asked to study the existing ordinances to make recommendations for changes at the next meeting.

The treasurer reported the following balances: General, \$24,534; water, \$12,137.77; sewer, \$46,014.68; highway, \$11,279.78. Receipts were \$4,030.53, and bills totaled \$10,783.83.

Chisox Blank Twins While Tribe Beats Orioles; AL Flag Race Grows Tighter

By DICK COUCH

Associated Press Sports Writer

Juan Pizarro has been a potential 20-game winner since he started throwing rocks in Santurce, P.R., 11 years ago.

Al Lopez is betting a World Series ticket that the White Sox left-hander makes the charmed circle in 1964.

Pizarro pitched Chicago to within a game of first place Tuesday night when he blanked Minnesota 1-0 on a masterful five-hitter. The victory was No. 17, tops in the American League, for the 27-year-old fireballer and the shutout lowered his earned run average to a brilliant 2.00.

STARTED AS BATBOY

He has never been this close to the 29-victory mark before, though tagged "another Bob Feller" before he had thrown a pitch in anger in the major leagues.

Juan started in 1954 Winter League season as the Santurce club's batboy but wound up on the pitching staff when he discovered he could fling rocks harder than the team's pitchers could throw baseballs.

Two years later he was Milwaukee's prize farmhand, striking out 318 batters for the Braves' Jacksonville club in the old Sally League. The Braves had paid Santurce \$35,000 for his contract, but they never got a return on their investment.

TRADED BY BRAVES

Pizarro and the Milwaukee management suffered through four seasons with equally unimpressive results.

Finally, in 1960, the Braves traded him to the White Sox and Lopez made him a reclamation project No. 1. Pizarro has been a winner ever since.

Elsewhere in the AL Tuesday night, Cleveland upended league-leading Baltimore 5-3; third place New York topped Washington 4-1; Los Angeles defeated Kansas City 5-3 and Detroit slugged Boston 11-6.

GETS OUT OF JAM

Pizarro, 17-6, pitched out of a bases-loaded jam in the top of the ninth before the White Sox broke through lefty Dick Stigman in the bottom of the inning.

Stigman checked the Sox on three hits until Jim Landis led off the ninth with a single. One out later, Floyd Robinson singled, Bill Skowron lined out before Ron Hansen broke it up with a run-scoring hit to left.

It was the 10th complete game and fourth shutout for Pizarro, who was a spring holdout until March 25, but got off to the best start of his career, reeling off five successive victories.

CHANCE HAS HOMER

The Indians struck for five runs in the eighth inning, the last three on Bob Chance's two-run homer and Leon Wagner's solo shot, to overtake Baltimore.

Orioles starter Milt Pappas gave up Cleveland's fourth hit of the game, a double to Tito Francona, and walked Woody Held before being replaced by Harvey Haddix in the eighth. Max Alvis' pinch single scored one run, Chico Salmon singled, loading the bases, and the second run crossed while Dick Howser was grounding into a double play. Then Chance and Wagner connected back-to-back.

Luis Aparicio's two-run homer had helped the Orioles to a 2-0 lead.

FORD FINALLY WINS

Whitey Ford won his first game since July 15 when the Yankees came from behind with four runs in the eighth. Mickey Mantle's third hit of the night, a two-run double, was the key blow.

Ford worked eight innings, leaving for a pinch hitter in the Yankees' winning rally. Al Downing nailed down the victory by fanning the side in the ninth.

Dean Chance picked up his 15th victory of the season as the Angels did all their scoring in the fifth inning, with singles by Bobby Knoop, Albie Pearson and Lou Clinton, plus a bases-loaded walk and wild pitch delivering the runs.

ANOTHER DEMETER HOMER

Bob Lee relieved Chance in the seventh, when the Athletics scored their last two runs on Doc Edwards' single, Bert Campaneris' triple and a pinch single by Manny Jimenez.

Don Demeter's three-run homer in the sixth paced Detroit's 15-hit attack against the Red Sox. Demeter's 15th circuit broke a 6-6 tie and the Tigers wrapped it up with two more in the seventh after Carl Yastrzemski's two-base error opened the gate.

Dick McAuliffe also homered for Detroit while Dick Stuart, Ed Bressoud and Bob Tillman connected for the Red Sox.

TEAM WORK IS KEY TO BIRDS' PERCH AT TOP

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP) — There are a number of reasons for the lofty American League perch currently enjoyed by the Baltimore Orioles. Most are apparent.

There's the clutch hitting of third baseman Brooks Robinson and the slugging of now injured Boog Powell and rookie outfielder Sam Bowens. . . .

The spectacular rise of 19-year-old bonus pitcher Wally Bunker. . . .

STONEWALL DEFENSE

The continued comeback of veteran right-hander Robin Roberts. . . .

The stonewall defense of the infield led by Robinson and shortstop Luis Aparicio. . . .

The team's ability to win a vast majority of the close games.

But the current success of the Orioles in their determined bid to nail down their first championship since Baltimore's return to the major leagues in 1954 is traced deeper than that which appears on the surface.

"SOMETHING BIGGER"

It is gleaned from something said by skipper Hank Bauer, a top candidate for Manager of the Year honors. It is deduced from some words from Robinson, in line for the Most Valuable Player award.

"Pitching, especially relief, and defense have been our strength so far," said Bauer, "but the reason we're in first place is something much bigger than what any figures or records can possibly show."

"The biggest thing about this club is that they are not playing as individuals. They are playing as a team. They sacrifice themselves. They help each other."

7TH IN HOMERS

As a team, the Orioles are batting in the vicinity of only .250. Six clubs have hit more home runs. But Baltimore is in first.

The figures accentuate the lack of trend toward a star system. Only Robinson among regulars is hitting over .300. Only Powell and Robinson have hit 20 or more home runs. But the Orioles can score when it counts — they've won 29 of 39 games decided by one run.

"The guys are hustling and not making mistakes," said Bauer. "And they pick each other up. Another thing, they don't need to be prodded and pushed."

NO GREAT STARS

"We don't have any superstars but everybody is doing his job. They grind it out each day — 3-2, 4-2 and 2-1."

"In a way these guys remind me of the Yankee team I used to play with. They don't say much but you can tell that they feel they can win."

"Do I think we'll win the pennant? Well, it's going to be a three-team race right down to the wire."

The Oriole players, unfettered by managerial diplomacy and caution, emphatically believe they will win.

"No doubt about it," smiled pitching star Milt Pappas — as he knocked on wood.

WOULD BAN CLAY MATCH

NORFOLK, Va. (AP) — A majority of the early arrivals to the World Boxing Association convention this week favor outlawing the proposed Liston-Clay rematch.

Preconvention talks with delegates also indicate there will be a floor fight over the WBA's suspension of Sonny Liston after he lost the world heavyweight boxing title to Cassius Clay.

James E. Deskin, executive secretary of the Nevada State Athletic Commission, said Tuesday he plans to take the floor at the convention Thursday and challenge the WBA's suspension of Liston. He maintains that the WBA did not have the authority to suspend Liston until a member boxing commission did so.

Liston was suspended for not coming out of his corner at the beginning of the seventh round of his fight with Clay last February in Miami Beach. He complained of a shoulder injury.

Eagles Trim Roster To 44; To Cut 4 More

PHILADELPHIA (AP) — The Philadelphia Eagles trimmed their player roster to 44, one under the National Football League requirements, Tuesday, by dropping seven players. The final player limit is 40.

Coach Joe Kuharich placed three on outright waivers, Mike Fitzgerald, flanker back from Iowa State; Herm McKee, Washington State rookie acquired from Baltimore last week and Bill Byrne, two-year veteran guard from Boston College.

Placed on the injured list but subject to waivers were Howard Keys, offensive center and tackle; Gary Henson, offensive end; Terry Kosens, defensive back; and Bob Dickerson, end.

VENTURI IS PICKED TO WIN RICH TOURNEY

BIRMINGHAM, Mich. (AP) — Arnold Palmer has the putting "yips," Jack Nicklaus has a crook in his elbow, and Ken Venturi has nothing but confidence and an uncanny feel for the flag.

So it's Venturi, the resigning National Open champion, and not the Big Two who will be favored when 155 golfers from 14 nations tee off Thursday in the first \$200,000 Carling World Championship.

First prize in the 72-hole, four-day test is \$35,000, a year's salary for many top executives, and it's the kind of purse which usually brings out the best in the blacksmith-strong Palmer and power-driving Nicklaus.

However, both are off top form — Palmer on the putting greens and Nicklaus on the tees — while Venturi is currently the hottest article on the circuit.

After three years of frustration during which he almost gave up the game, the 33-year-old picture swinger from San Francisco found himself in the National Open last June in Washington's suffocating heat. His confidence has been soaring ever since.

Venturi won the American Golf Classic at Akron, Ohio, last week with a record five shots and with a record tournament score of 275.

Tuning up for the event here over the 6,907-yard, par 70 Oakland Hills course he had four straight birdies on the front nine for a four-under-par 31, then birdied the 11th and eagled the 566-yard 12th to go seven under.

"I started thinking then that this was just a practice run, and I didn't want to get a monkey on my back before the tournament started," Ken said. "So I sluffed off a few holes and finished with about 67."

"I am playing so well, I am so sure of myself on shots to the green that it startles me."

The seven returning Biglerville Canner lettermen look into the wishing well hoping to find four more strong front line candidates. The veterans are, clockwise from the top, Richie Fair, Mel Mentzer, Larry Dennis, Bob Cover, Charles Hess, Terry Taylor and John Pitzer. (Times photo)

Biglerville High School football coach Jack Emanuel's problems of not enough returning starters from last season can best be described in the picture above. Out of the starting seven line-men in 1963 only center Charles Hess and left guard Mel Mentzer are returning. The lone backfield holdover starter is Richie Fair, the right halfback. The helmets represent the number of berths which must be filled by September 11. (Times photo)

Only Three Starters Back At Biglerville; Emanuel Faces Rebuilding Program

When a coach faces a new season after having lost an almost entire squad from the year before, including eight starters, he either sits down with a crying towel and tries to shake a smile loose once in a while or he takes the problem by the horns and tries to mold the best possible competitive squad he can muster.

Biglerville High School football coach Jack Emanuel has taken a firm grip on those horns. Emanuel has seven lettermen including three starters to work with. He says, "Let's not kid ourselves, we're in rough shape with that number."

A master carpenter, Emanuel has begun to build. He took his one sure back, Richie Fair, and put him in the right half slot. Fair is a speedy 5'4", 136-pounder who enjoys running. Ther he took Bob Cover, 5'9", 142, who lettered on defense last season, and put him in the left half slot. Terry Taylor, 5'8", 180, another defensive letter winner in 1963, was moved from the half slot to fullback post. Larry Dennis, 5'8", 135, who said he knew how to throw a football, and who also lettered on defense, was placed at quarterback. The Canner coach now had his start, a backfield.

STRONG REPLACEMENTS
After several days of grueling drills these four men began to jell and are now considered the starting four. Greg Dixon has been coming along behind Dennis as quarterback and may also see plenty of action. Barry Jacoby and John Pitzer, another letterman, have been sharing the halfback chores and could turn out to be pair of fine backs, giving good depth. Working behind Taylor will be a couple of fast-stepping, tough individuals, Frank Bodenberger, 5'8", 162, and Bob Cline, 5'7", 121.

Emanuel's real work started when he was forced to start building a forward wall. Without the men up front, the backfield is just a list of names. Two veterans, both starters in 1963, are the only two the head coach had on hand for his nucleus. Charles Hess, 5'7", 180, was at center and Mel Mentzer, 5'6", 160, remained at his guard spot. The major problem is tackle. Here Emanuel moved Hess over to try to fill the gap. Stan Lupp, 172 pounds; Stever Warner, 198, and Bernie Baker, 250, were immediately pressed into action to fill in the second post.

Larry Heintzelman, a 6', 190-pounder, seems to be holding his own at the center position and will be backed by sophomore Bill Coradetti. Anchoring the spots beside Heintzelman will be the leading guard candidates, John

MANTLE PUTS NEW HOPE IN YANK SQUAD

NEW YORK (AP) — They've just about run out of superlatives for Mickey Mantle. Even Whitey Ford, his New York teammate and best friend, shrugs his shoulders and says: "What can you say new about him? It's already been said 100 times."

But Mantle never runs out of heroics. Each day, it seems, the crippled star comes through with a standout performance that either starts a rally, keeps one going or breaks up the game.

Mantle breathed new life into the third-place Yankees Tuesday night and had Manager Yogi Berra once more talking hopefully of a pennant.

It was Mickey's bases-loaded double for two runs in the eighth inning that overcame a 1-0 Washington advantage and led to a 4-1 Yankee triumph. Sweetening the victory was Cleveland's comeback 5-3 victory over Baltimore, trimming the Orioles' first-place lead over the third-place Yankees to four games.

"We're just a different team with Mick in there," said Ford "whether he's 100 per cent or only 50 per cent."

M'ELHENNY IS HUNTING JOB FOR 1ST TIME

By DICK COUCH

Associated Press Sports Writer

Hugh McElhenny can't recall the last time he went job-hunting in August.

The King has had steady autumn employment for almost 20 years, the last 12 as a living legend in the National Football League.

Today, however, 36-year-old McElhenny heads a group of disappointed gridders faced with a professional dead-end. The one-time All-America and All-Pro halfback was among some 50 veterans and rookies sliced from National and American League squads Tuesday.

CAME AS SURPRISE

The NFL clubs trimmed their rosters to 45 men, the AFL to 43. Both leagues have until Sept. 8, a week before their season kickoffs, to make the final limits of 40 (NFL) and 34 (AFL).

McElhenny, who has gained over 10,000 yards since his Rookie of the Year debut with the San Francisco 49ers in 1952, was surprised when the New York Giants made his release part of a wholesale shake-up.

A second King, Vanderbilt alumnus Phil, was traded to Pittsburgh for a future draft choice while Joe Don Looney, the Giants' No. 1 draft pick this year, went to Baltimore in a five-player swap. The Colts also got tackle Lou Kocourek and a future draft selection. The Giants received two veterans — pass catcher R. C. Owens and defensive back Andy Nelson.

The Giants cut five other players, including Glynn Griffith, last year's No. 2 quarterback, and returned former All-Pro defensive end Andy Robustelli to their active roster. Tackle Frank Lasky, one of the casualties, was claimed on waivers by the 49ers.

Dave Yohn Cut By New York Jets

Dave Yohn, former Gettysburg College football star, was one of six players cut Tuesday by the New York Jets of the American Football League.

Yohn started most of the Jets' games last year as a linebacker but lost his job to a pair of rookies. Previously Yohn was a member of the Baltimore Colts of the National Football League.

NEW CAGE ASSISTANT

The Hanover School Board Tuesday night named Richard H. Harvey as assistant Hanover High School basketball coach and retained Frank Noonan as junior high varsity coach.

PACKERS ARE BEING DRIVEN BY LOMBARDI

WEST DE PERE, Wis. (AP)

Vince Lombardi has the whip out this year. Aroused by two defeats at the hands of the Chicago Bears, and loss of the NFL title, Lombardi is driving his Green Bay Packers as they never have been driven before.

"The first Bear game last year was the biggest disappointment of my career," said Lombardi at the training camp at St. Norbert College. "We couldn't have beaten them in the second game with blackjacks, but we should have won the first."

"We are looking forward to this year. I have been driving the boys hard. We will be in physical condition. But the big thing is pride in your work. . . . the intangibles, the abstracts. You never know about that until the games start."

HORNING TOO

Paul Hornung was the first to feel the sting of Lombardi's hard approach of 1964. The Golden Boy, reinstated after a one-year suspension for betting on games, was ordered to report in April. Running up and down the steps of the Packers' stadium pared off the pounds so that Hornung goes into the season at 212 pounds, six below his weight in 1962.

"We'll sink or swim with Hornung," said Lombardi, coach-general manager of the Packers. "Paul is in fine condition mentally and physically. The rest is up to him."

Lombardi may throw three running backs at National Football League opposition in some games. Tom Moore, who did a fine job as Hornung's replacement, has been worked as a slot back or flanker.

Jim Taylor appears to have recovered completely from the hepatitis that handicapped him during the early games last season. With Taylor booming up the middle and Hornung and Moore to run to the outside, the Packers' ground attack should be the best in the league.

Bart Starr will operate a ball-control offense, copied so successfully by the Bears last year. Bart has fine targets in Max McGee at split end, tight end Ron Kramer and Boyd Dowler at flanker but also likes to throw to his backs more than most quarterbacks. Hornung, Moore and Taylor all are good receivers.

Lombardi thinks he has come up with a real hot prospect in Dennis Claidridge, a rookie quarterback from Nebraska.

MANY AREAS INTACT

Originally Claidridge was drafted as a running back but he has thrown the ball so effectively that Lombardi now says, "We may groom him for quarterback in a couple of years." Zeke Bratkowski is the veteran back-up man for Starr.

The front offensive line will be the same except for Bob Skowronski, formerly a tackle, who takes over Jim Ringo's old job at center. Fuzzy Thurston and Jerry Kramer are the guards and Norm Masters and Forrest Gregg the tackles.

Lee Roy Caffey, who came from Philadelphia in the deal for Earl Gros and Ringo, is giving Dan Currie a battle for a line-backer job. Ray Nitschke is set at middle linebacker and Dave Robinson on the right side.

The front four of Willie Davis, Dave (Hawg) Hanner, Henry Jordan and Lionel Aldridge is intact. So is the deep backfield defense of Herb Adderley and Jesse Whitenton at the corners and Hank Gremminger and Willie Wood at safety.

BEARS TRADE ED CHADWICK

HERSHEY, Pa. (AP) — The Hershey Bears of the American Hockey League traded veteran goalie Ed Chadwick to the Chicago Black Hawks today in a complicated deal in which the Bears will receive one of two players from the Montreal Canadiens.

Both Chicago and Montreal are members of the National Hockey League.

Frank Mathers, manager-coach of the Hershey team, said Chadwick went to the Black Hawks to complete a deal that Montreal had made with Chicago earlier.

The Bears do not know who they will receive from Montreal. Chadwick, 31, had a 3.32 goal-against average during the regular season, part of which he sat out as a result of an injury. He played two seasons with the Bears.

Lloyd Blico, general manager of the Hershey team, said "Chadwick's average was higher than we thought it should be."

Howie Reed doesn't win very often. In fact, his pitching victories are so well spaced out he might even pass for a Met.

But when the 27-year-old right-hander does get around to winning one, he does it in convincing fashion — and he makes the licking hurt.

Reed, who hadn't won in the majors since 1958, got around to it again Tuesday night. He fashioned a six-hitter — with ninth inning help — for the Los Angeles Dodgers and beat San Francisco's struggling Giants 3-1.

The loss dropped the Giants into third place and left them 6½ games behind National League leading Philadelphia, a deficit that becomes more imposing each day.

Cincinnati took over second place, rapping the New York Mets 7-2 behind the six-hit pitching of Bob Purkey while Philadelphia took a 7-5 licking from Milwaukee for the Braves' second straight over the league leaders.

Houston held off Chicago 5-4 and Lou Brock's 13th inning homer sealed St. Louis' 7-6 verdict over Pittsburgh in the other games.

Three Major Convention Committees Will Be Chaired By Women Politicians

EDITOR'S NOTE: Are women heading any of the major committees at the Democratic National Convention? Here is a report on the three feminine committee heads, second in a three-part series on important women at the convention.

By JOY MILLER
AP Women's Editor

"The appointment of a woman to office is an innovation for which the public is not prepared, nor am I," wrote — of all people — Thomas Jefferson in a letter to a friend in 1807.

But that patron saint of the Democratic Party would not doubt be in the forefront of admirers of feminine political acumen were he alive today. And it would be women like Geri Joseph, Mildred Larson and Ella Grasso who would put him there.

These are the three women who are heading or co-chairing committees at the 1964 Democratic National Convention.

Geri Joseph, a glamorous, green-eyed brunette, is the only woman chairman of a major committee, the Committee on Permanent Organization. She will make its report to the convention, certifying permanent presiding officers for voting on by the delegates.

In addition, she will serve as a delegate to the credentials committee, which she expects to be one of the major areas of competition because of an expected fight over seating.

LOVES TO WRITE

Mrs. Joseph, wife of Burton W. Joseph, president of a large grain and feed company in Minneapolis, Minn., was formerly a staff writer for the Minneapolis Tribune and still contributes occasionally.

"I like writing better than anything," she says. "It's the real love of my life."

She says she intends to return to newspaper or some other work involving writing before too long.

A longtime friend of fellow Minnesotans, Sen. Hubert Humphrey and U.S. Minister to Bulgaria Eugene Anderson, Mrs. Joseph took her first plunge into politics when she served as state women's chairman of the Volunteers for Stevenson in 1956.

Since, the mother of three — Jonathan 6, Scott 9 and Shelley 17½ — has involved herself in a variety of civic activities plus mental health, civil rights, children and youth. She has been national committeewoman from Minnesota since 1960.

"The boys are at camp, but Shelley is coming to the convention, and so is my husband."

MRS. GERI JOSEPH

They'll really enjoy it," she promises.

WORKED HARD

Mrs. Mildred Larson of Phoenix, Ariz., started her career in politics 33 years ago, long before she could vote. From the precinct level she worked her way up to Democratic National committeewoman and co-chairman of the Rules Committee at the convention.

On the way she served as secretary to Sen. Ernest McFarland, taking charge of women's activities during his three Senatorial campaigns and two gubernatorial. In 1962 she was chosen the first chairman of the Western States Civil Liberties Committee.

"Politics is a disease," she says with a laugh. "Old politicians never die." Then she adds: "You certainly work in politics for love, nothing else."

Now she says, "It has become politics for love, nothing else." work in politics — that is, for Sen. Goldwater. But it's stimulating Democratic women to get to work too."

SON IS INTERESTED

Mrs. Larson, born in Independence, Mo., went to Arizona for a health problem while still very young. "My father was an avid Democrat and he got me interested in doing things for the party, starting out with stuffing envelopes, passing out handbills, that sort of thing."

Her interest has been passed on to her son, a political science major who also works as a government liquor and narcotics agent. And to complete the family preoccupation, her husband, Henry, secretary to and a director of the board of a Phoenix television station, is going to the convention with her.

Mrs. Larson, who has spent all her adult life in the bailiwick of the GOP presidential candidate, says she was the only Lyndon B. Johnson delegate

from Arizona elected four years ago to attend the convention in Los Angeles.

PEPPY CHAIRMAN

Slim, brown-haired Ella T. Grasso, secretary of state for Connecticut — described as "vibrant, full of pep and ideas, a ball of fire" by colleagues — is co-chairman of the Committee on Resolutions and Platform at the convention.

Daughter Susane, almost 16, and son, Jimmy, 13, won't be in Atlantic City to point out to visitors that "that's my mom," but her husband, Dr. Thomas A. Grasso will be there. Dr. Grasso is an East Hartford school principal.

Mrs. Grasso is no intellectual slacker, either. She received a B.A. Magna Cum Laude in Economics and Sociology at Mt. Holyoke College and later got her masters there.

Now in the middle of her second four-year term as secretary of state, Mrs. Grasso of Windsor Locks, Conn., is also serving as a Presidential appointee on the Board of Foreign Scholarships.

LEADER WARNS OF LEGALITY OF DELEGATES

ATLANTIC CITY, N. J. (AP) — Former Gov. George M. Leader of Pennsylvania says his sympathies are with the civil rights group from Mississippi that is trying to unseat the state's regular delegates at the Democratic National Convention.

"I wish they could be seated," he said on Monday at the convention's opening session. "But this has to be considered from a legal rather than an emotional point of view."

Leader, a member of the 125-vote Pennsylvania delegation, said most of the "regular" delegates from Alabama and Mississippi "cannot be considered a part of the Democratic family" if they refuse to pledge support of the national ticket.

FORMER GOV. LAWRENCE

The credentials committee, headed by former Pennsylvania Gov. David L. Lawrence, has approved the seating of any Alabama delegate who signs a pledge of loyalty to the party's presidential ticket. Action on the case of contesting Mississippi delegations was deferred until later today.

Leader said the Pennsylvania delegation would follow any

course recommended by Lawrence.

Francis R. Smith, Philadelphia Democratic chairman, emphatically buried rumors that his 20-member delegation here would adopt a resolution urging the selection of Sen. Eugene McCarthy of Minnesota as the vice presidential nominee.

"The Philadelphia delegation will support whomever the President selects. My own personal choice would be McCarthy, but I am sure the President will select the best man."

President Johnson has not disclosed his favorite for a running mate, but speculation has centered on Minnesota's other senator, Majority whip Hubert Humphrey.

Pennsylvania had almost perfect attendance for the opening session.

LUCI ARRIVES EARLY TO HELP IN CAMPAIGN

By FRANCES LEWINE

ATLANTIC CITY, N.J. (AP) — Luci Johnson made a whirlwind entry into the convention scene, dancing the frug, walking the Boardwalk and applauding the convention keynoter.

The first of the Johnson family to arrive here, 17-year-old Luci sampled lobster and frozen custard Monday and looked over the oceanfront home her family is to occupy.

She seemed to find everything satisfactory and decided to go to

work today with friends at the headquarters of Young Citizens for Johnson.

The President's daughter told "Teen-Dems" and Young Citizens anything they could do from "licking envelopes to running errands" would help her father's campaign.

ACCEPTS RESPONSIBILITY

She said she came to pitch in, too, because she realized "my generation has responsibilities."

She signed autographs, picked up LBJ buttons and went shopping in two stores along the oceanfront.

Her only purchase — a pair of \$6.95 rope and leather sandals, size 6, medium.

They probably will come in handy on the campaign job today. A teen-worker advised the President's daughter to "wear flat shoes and a dirty dress"

when she reported for headquarters duty.

ATTENDED DANCE

Luci was supposed to wait until Wednesday to come here with her mother and sister, Lynda, 20. But she begged to come ahead and flew in to open the Young Democrats headquarters and attend their dance, where she demonstrated her prowess in doing the frug, a version of the twist in which she excels.

Wearing coat and dress of pale blue to match her eyes, with a pert white bow on her black hair, Luci climaxed the day by taking a front row seat in the presidential box at the convention's opening session and applauding the speakers.

One in 20 Americans suffers from hayfever.

PHILADELPHIA (AP)—Stanislav Gaba, a 49-year-old laborer, was killed Monday when he was yanked feet first more than 150 feet into the air by a rope that became entangled around his ankle at a construction project. Gaba's body slapped against an apartment building under construction several times as he shot upward. An investigator for the medical examiner's office said Gaba and two other workmen were lowering a 75-pound, eight-foot length of a rubber chute that extended from the ground to the top floor.

Modern Instruments Still Cannot Foresee Hurricanes

By GENE PLOWDEN
MIAMI, Fla. (AP)—When the white man came to the New World, the Indian told him about the tigerish tempest that often sprang unprovoked upon islanders of the tropical Atlantic. They called the storm "huracan."

Christopher Columbus learned first-hand. He was leading his second expedition in 1494 when a hurricane struck the settlement of Isabella on Santo Domingo. Columbus lost eight of his nine ships.

Columbus grew weather-wise, as did the Indians, but eyes and ears were their sole instruments.

FORERUNNERS OBSERVED

Today, man has radar, airplanes and satellites but men still don't know when or where hurricanes will form, although the forerunners are detectable over broad expanses of the hemisphere.

After sticky, humid weather, the easterly winds blow more briskly, the rains fall more frequently. Fishermen note the fish bite more recklessly. They crowd into passes and tidewater streams.

The surf's pulse slows. Long swells slide smoothly ashore six times a minute instead of the normal 10 or 11.

HURRICANE STRIKES

The wind turns north-north-easterly. Gusts rise to 30 or 35 miles an hour. The sea is turbulent. The surf runs wild and clamorous. Brief rain squalls slash and run. The sky darkens.

Then the hurricane strikes. Gordon E. Dunn, chief storm forecaster in the Miami Weather Bureau, said observers will concentrate on trying to obtain data on the formation of hurricanes and studying mature storms to determine their normal variability.

Dunn expects the satellite Nimbus-2 to be launched Friday, to send back revealing pictures of cloud formations and provide daylight photographs of the equator every 24 hours.

TIROS SATELLITES

Tiros satellites have provided interesting pictures of clouds and have spotted hurricanes but they were not oriented as Nimbus will be. A weather satellite system is still a year or two away, Dunn said.

The Navy, Air Force and automatic buoys keep a check on hurricanes in the Atlantic, Caribbean and Gulf of Mexico. These forces have been beefed up for the 1964 storm season.

The Navy, operating from Jacksonville and Roosevelt Roads, Puerto Rico, again will use Super Constellations. These 70-ton flying laboratories, with crews of 28 to 30 men, can remain aloft for 21 hours. They have been in use since 1958 for low level penetration into the eye of the hurricane as well as for spotting the big storms.

HURRICANE MONTHS

While main hurricane months are August, September and October, these devastating storms have occurred at other times and Cleo is the fourth this season. In June one formed in the Gulf of Mexico, moved across north Florida and into the Atlantic, with winds of 50 to 60 miles per hour.

In late July a storm ormed near the Leeward Islands and passed not far from Bermuda. It had winds of hurricane force

— 74 miles an hour — for one day and maritime advisories were issued.

The first tropical storm to be given a name this season, Abby, formed quickly in the Gulf of Mexico and moved inland along the middle Texas coast Aug. 7, packing winds up to 60 miles per hour in squalls near the center.

A Lovelier You

By MARY SUE MILLER
INSTANT CURVES. Fall fashions can be summed up as slim, womanly and graceful. The ideal

underscoring is an equally trim, naturally rounded figure. A Botticelli goddess on a leaner scale!

To help us mortals meet the challenge, new corsetry offers gentler constructions. Garments clasp rather than squeeze a woman into a mold. As a result, the figure curves and moves with willowy grace. Yes, even the thin figure!

In fact, designers have given particular attention to revising foundations that subtly bring slender figures or slender areas into proportion. Padded bras, for example, now follow a soft line that provides a completely natural appearance.

Contouring is achieved through the finest layer of such malleable yet durable materials as polyfoam. Durability is a special consideration. What's wanted is padding that neither crumbles nor discolors after a few washings.

To round or lift the underprivileged derriere, contour girdles and pantie girdles are newly constructed to simulate the musculature of a fine figure. It's done by clever seaming and self-reinforced fabrics, thus making the boardy panel a thing of the past. The function of these foundations is to perfect a woman's proportions so that she can carry off her fashions to perfection. Exaggeration is not the intent. It is not even implied, much less employed!

DEVICE CHARTS LANDING SPEED

WASHINGTON (AP)—A runway traction measuring device, designed and developed by the J. I. Thompson Co. of Bellefonte, Pa., has been purchased by the Federal Aviation Agency (FAA). The FAA said Monday the device would help engineers predict stopping distances for aircraft on wet or slippery landing fields. It will be used for two months at the FAA's Aviation Experiment Center at Atlantic City, N. J.

After the two months, it will be set up for trial periods at several major U. S. airports.

The equipment will be used to help engineers establish a reliable means of predicting exactly how much distance different types of aircraft will need, at various landing speeds, to stop on different types of runway surface conditions, the FAA said.

The measuring device consists of a hydraulically operated mechanism mounted on an aircraft tire. Towed behind a specially equipped truck, it has controls permitting technicians to duplicate speed, skid and braking effects involved in airplane landings on slick runways.

AUTHOR DIES MONDAY AT 66

PHILADELPHIA (AP)—Harold Hadley, nationally known newspaperman and author, is dead at the age of 66.

Hadley, who wrote for newspapers in Denver, New York, Chicago, Omaha, Indianapolis and Philadelphia, died Monday in the Einstein Medical Center.

He lived and worked in Philadelphia for nearly a quarter century, first on the Philadelphia Record, then the Evening Bulletin and finally the Daily News. He was an assistant city editor on the Daily News at the time of his death.

Hadley was the author of many magazine articles and of short stories and of three books—"Come See Them Die," "Drug Store," and "Behind the Headlines," an anthology.

He was prominent as a reporter in the Chicago of the "Front Page" era. Later he worked for many years in New York City, on the New York American and the Daily News. He was a friend of such journalistic luminaries as Damon Runyon, Gene Fowler and Courtney Riley Cooper.

KUALA LUMPUR, Malaysia (AP)—The Defense Ministry announced today three more Indonesian invaders have been killed, bringing the total dead to 14. Forty-one others reportedly have been captured.

Authoritative sources said the invasion force numbered about 100 heavily armed men. Indonesia has denied that it had anything to do with the Aug. 17 landing.

TOKYO (AP)—U. S. nuclear-powered submarines this year will be allowed to make their first visit to Japan. Foreign Minister Eisusaburo Shiina said today.

The United States has repeatedly pressed the Japanese for docking privileges for the subs, but the government has deferred a decision, saying it wanted to study safety factors.

Convict To Attend Sons' Funerals

WILMINGTON, Del. (AP)—A superior court judge has granted permission to allow Edward J. Mayerhofer, convicted in the death of a state trooper, to attend private services for his two young sons who suffocated in an abandoned refrigerator.

The bodies of Mayerhofer's sons, George Joseph, 7, and Joseph John, 5, were found Friday in the abandoned refrigerator near their Island Park, N. Y., home.

Judge William Duffey, president judge of Superior Court, signed the order Monday permitting Mayerhofer to be taken under custody to the services. Details of the trip were not divulged, however.

Mayerhofer was convicted of being an accomplice to second degree murder in the slaying of Trooper Robert A. Paris last Oct. 17. Mayerhofer has appealed.

ADVERTISE IN THE TIMES

Goldwater Claims Dems Are Misled

CLEVELAND, Ohio (AP)—Sen. Barry Goldwater said Tuesday the Democrats "are misled by strange and unrealistic notions of appeasement and disarmament."

The Republican presidential nominee also said that if he is elected, U.S. allies in Europe will be invited to plug into the Washington-Moscow hot line.

In a speech prepared for the Veterans of Foreign Wars Convention he said that the United States must find a way to provide the North Atlantic Treaty Organization "with its own stock of small, tactical nuclear battlefield weapons—what may truly be called conventional nuclear weapons."

The weapons he is telling them about, Goldwater said, are "no more powerful than the firepower you have faced on the battlefield. They simply come in a smaller package."

PAN AMERICAN HIT BY STRIKE

WASHINGTON (AP)—Pan American Airways was hit on Tuesday by an AFL-CIO Transport Workers Union strike after a breakdown in negotiations aimed at averting a walkout of some 12,000 employees. A federal mediator said negotiations had reached an "insurmountable impasse."

Union members began walking off the job within an hour after negotiations between union and management leaders broke off. Picketlines were set up at Pan American bases on both coasts.

GROUND ALL FLIGHTS

The company said in advance of the walkout that a strike probably would ground all its flights. Its planes carry about 17,000 persons daily.

The union is seeking a 15 percent pay raise, improved vacations, a shorter work week and other fringe benefits for the maintenance, ground service employees and flight service personnel it represents.

About 1,100 to 1,200 employees walked off their jobs at 2:15 a.m. at New York's John F. Kennedy International Airport, the union said.

Houston Has More Encephalitis Cases

HOUSTON, Tex. (AP)—Houston has recorded 179 suspected encephalitis cases and the city health officer says a possibility exists that a major epidemic may occur.

Seventeen deaths have been attributed to the disease in the last 30 days.

As the number of suspected cases grew, the geographical spread of the disease—carried by mosquitoes—widened over the city.

NEGROES SHOT IN GA. BATTLE

MONROE, Ga. (AP)—Gunfire between a crowd of Negroes and several white persons broke out Monday night. Four Negroes were treated for shotgun wounds and police said the station operated by a white man.

Police Chief Jack Morris said a crowd of several hundred Negroes had jeered customers at the service station for nearly two hours.

Morris said they shouted, "Don't buy from that white man."

The station was damaged shortly before 3 a.m. today when several white men at the station departed, Morris said. A car driven by Mrs. Tommy

ENGLISH MASS BRINGS THRILL

ST. LOUIS, Mo. (AP)—A Roman Catholic Mass, presented for the first time in English enraptured 11,000 persons witnessing the historic event Monday and seemed to fulfill its aim: To present the Gospel in familiar terms.

It was the first time the dialogue between priest and the laity was in English during worship. A change that will come to all Latin rite churches in this country on Nov. 29, the first day of the ecclesiastical year.

Not all the Mass was in English — as it is expected to be eventually. The prayers said at the foot of the altar by the celebrant, the Rev. Frederick R. McManus, of Washington, D. C., were in the traditional Latin.

The service veered from tradition in other respects, too. Father McManus faced his huge congregation from a dais raised three feet from the auditorium floor. The altar was a simple gray block flanked by 40 gray wooden cubes upon which sat the priests who helped distribute communion.

One of the hymns was by Martin Luther, 16th-century German Reformation leader.

Cooper, wife of an operator of the station, was fired into as she drove into the station, Morris said.

Diplomats Fear Cyprus May Become Mediterranean Cuba

NICOSIA, Cyprus (AP) — Years of battle and bushwhacking between Turk and Greek have turned this ruggedly beautiful island into a threatening cauldron of hate and fear.

The 400,000 Greeks and 100,000 Turks on Cyprus think of little else. They are bundles of sensitive, self-centered nerves.

Facing isolation, military defeat and possible starvation, the Turkish Cypriot thinks only of survival. Stoically, he hopes the Turkish government in Ankara will save him. He is willing to listen to Ankara's advice.

The Greek Cypriot is more complicated.

DREAMS OF UNION

He dreams of a union with Greece which will somehow weave together a tapestry of conflicting desires. He wants union with "the motherland" but no part of the North Atlantic Alliance, which Greece values. He wants union, but no lessening of the heady role now played by his tiny island.

There is a genuine fear among responsible diplomats that the volatile Greek Cypriots — in the absence of a settlement — may make of their island a Mediterranean Cuba.

SCORE CONCESSION

No Greek Cypriot voice is raised publicly to point out the contradiction in President Makarios, a bearded Greek Orthodox archbishop, asking for military aid from the jolly atheist Nikita Khrushchev.

third world war would be preferable to making concessions to Turkey.

The island has taken on a seemingly permanent embattled character since practical civil war broke out in December.

Its present difficulties date from a warm August day in London four years ago. With restrained enthusiasm, Britain, Turkey and Greece reached an agreement granting the former British colony independence — of a sort. Turkey and Greece would maintain troops on the island, the Turkish minority would have a veto over certain legislation and a constitution wrapped it all up neatly.

ACCUSE MAKARIOS

Gen. George Grivas, whose Greek Cypriot guerrillas had harassed the British for years, went home in bitterness and disgust, charging Makarios with treason for accepting less than full union with Greece — enosis is the Greek word for it.

Grudgingly accepting the restraint placed on him, Makarios almost immediately again raised the banner of enosis and unwaveringly kept it high. Vice President Fazil Kuchuk, a Turk who was once the archbishop's personal friend, now rails at him bitterly and says Makarios never intended to make independence work.

The inevitable blowup came when Makarios' determination to change the constitution, thus permitting a "self determination" vote for union with Greece, precipitated the present civil war.

MEAT PRICES ARE ON RISE

CORNING, Iowa (AP) — Housewives were paying higher prices for meat in some cities today as the National Farmers Organization continued to withhold cattle from markets in 23 states.

Meat on the hoof was bringing the highest prices in more than a year for those who did sell.

However, receipts were down at major markets as the holding action entered its fifth day. Midwest packing plants were laying off employees.

NFO President Oren Lee Staley at the organization's national headquarters here said retail price increases at this stage would be unjustified.

He said it appeared that "retail outlets will take unfair advantage of the situation and raise prices toward the end of the week."

Sporadic incidents of violence occurred as truckers tried to deliver meat animals despite the holding action.

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Seven out of 10 American husbands die before their wives. But this has no connection with the fact that the nation now has 5,000 women life insurance agents, many of them highly successful.

The Tokyo Electric Power Co. of Japan now is the world's largest generator of electric power with a capacity of 7,170 million kilowatts. A U.S. firm, the Pacific Gas & Electric Co., is second.

Four American families have no trouble keeping up with the Joneses, at least numerically. They are the Smiths, Johnsons, Williams and Browns. Trailing the Joneses, who are fifth in number, are the Millers, Davis, Martins, Andersons and Wilsons.

We're getting to be more convention minded. As a matter of fact, this year some nine million Americans will attend 20,000 conventions at a cost of \$2 billion.

James MARLOW Reports

By The Associated Press

ATLANTIC CITY, N.J. (AP) —

The most obvious thing wrong with the Democratic and Republican platforms is that they're too long. Relatively few voters are likely to take the time and trouble to wade through them.

Still fewer would go through the ordeal of comparing them point by point, even if they could, to check their accuracy, exaggerations and philosophy.

Such a comparison, just to start, would require saving a copy of the Republican platform, released almost six weeks ago, to lay beside the Democratic document now being made public in pieces here where the convention opens today.

The Democrats, by producing their platform weeks after the Republicans' appeared have a tidy advantage: they have been able in many instances to try to answer the Republicans' complaints point by point.

Platforms are essential for laying out the positions and promises of both parties. And they're useful to the politicians as talking points. But there's no excuse for their unreadable length.

But in this campaign, already showing signs of being heavily weighted with personal attacks, the reasoning and statistics of the platforms are apt to be blurred even for those reading and comparing them.

Platforms are essential for laying out the positions and promises of both parties. And they're useful to the politicians as talking points. But there's no excuse for their unreadable length.

But in this campaign, already showing signs of being heavily weighted with personal attacks, the reasoning and statistics of the platforms are apt to be blurred even for those reading and comparing them.

TYPICAL PATTERN

As usual, this year's two documents follow the typical platform pattern. That of the in-party, the Democrats, glows with optimism about its handling of problems and points with pride to what it considers fine achievements.

The out-Republicans, wanting in, grumble gloom and criticism about the past and future under Democrats and pant for a chance to do it better.

In this sense both platforms are corny.

But there is a deeper difference which in this particular year should get voters' careful attention, although they will form their opinions more from listening to the politicians than from reading them in the platforms.

THE DEEPER DIFFERENCE

This deeper difference is between the views of the Democrats and Republicans toward government's role in the American society. As is now well known, the far more conservative Republicans under Sen. Barry Goldwater want far less of it.

The gap between the conservative and liberal views of the two parties is more absolute in this campaign than in any in this century, thanks to the particular philosophy of Goldwater and his followers.

Where many previous elections were far more a personality contest than a struggle between party views of government and toward individuals, this one for the first time in generations should truly hinge upon ideas.

SECTIONS COMPARED

The tone of the two platforms can be illustrated by using side by side section headings from both of them. In what follows the Republican view is given first, the Democratic next:

Republicans: "Inability to Create Jobs." Democrats: "Full Employment." Republicans: "Fiscal Irresponsibility." Democrats: "Fiscal Responsibility." Republicans: "Retarding Enterprises." Democrats: "Economic Growth."

Republicans: "Neglect of Natural Resources." The Democrats, under the heading of "Natural Resources," devote 5½ pages to show how much they feel they have done in this field.

Republicans: "Weakness Before Communism." The Democrats, under the heading of "The Communist World," argue

SALISBURY, Southern Rhodesia (AP) — Premier Moses Tshombe's Congo government has opened a drive here to enlist young whites to fight Communist-backed Congolese rebels.

Applicants found physically fit are flown to the Congo to reinforce regular army units at salaries up to \$280 a month.

Tshombe used white mercenaries in leading the Katanga secession.

PHILADELPHIA (AP) — The newly formed National Negro Republican Assembly has denied its support to both Sen. Barry Goldwater, the GOP presidential nominee, and President Johnson, on the Democratic side.

Negro Republican leaders formed the assembly Sunday.

BONN, Germany (AP) — Henry Cabot Lodge, special envoy of President Johnson, arrived in Bonn Monday to seek further West German support for U.S. policy in South Vietnam. He is on a tour of allied capitals to explain U.S. policy in Southeast Asia.

ALGERIA, Sardinia (AP) — Eight masked bandits took over a night club near this city on the west coast of Sardinia, held more than 70 customers at gunpoint for four hours, and escaped with about \$11,500 in money and jewelry Sunday night.

MOSCOW (AP) — It's sad but true. There's a beer shortage in Moscow.

"People are wandering around looking for beer," said a reporter for the newspaper Moskovskaya Pravda.

What's the trouble? Moscow's four breweries aren't brewing enough and what is brewed isn't all taken, says the paper.

Beverages are sold at 9,500 places in Moscow but only 92 sell beer in addition to 105 beer wagons.

What Moscow really needs, the paper adds, is 300 or 400 stores that stock beer.

BRIDGEPORT, Conn. (AP) — The Most Rev. Walter W. Curtis, Roman Catholic bishop of Bridgeport, says one of his priests has every right to belong to the John Birch Society.

The Rev. Francis E. Fenton, rector of Bridgeport's Blessed Sacrament church, is a member of the national council of the society, a militantly conservative organization.

"As an individual, Father Fenton enjoys the freedom of every American citizen to belong to any organization of his choosing," said Bishop Curtis. "As a priest he continues to enjoy that right."

Father Fenton was reprimanded last year by the diocesan vicar general after he announced support of a petition urging the impeachment of Chief Justice Earl Warren.

Nine Persons Die In Head-On Crash

TYLER, Tex. (AP) — Nine persons—five from Illinois, four from Texas—were killed Monday when a car and a pickup truck collided in a dark downpour near this eastern Texas city.

The sole survivor was an 8-year-old girl who lay in a hospital unaware her parents, two sisters and a brother died in the collision.

She is Gayle Redeker, who was termed in fair condition at Medical Center Hospital here.

Dead in the car were Gayle's parents, Mr. and Mrs. Edwin Redeker of Route 2, Box 116, Milford, Ill.; two other daughters, Alma and Beverly, both 11; and a 16-year-old son.

Killed in the pickup truck were William David Frizzell, 24, Freddie Hammonds, 19; Leon W. Ward, 43; and Louis Gill, 28, all of the Tyler area.

MOSCOW (AP) — Premier Khrushchev has marked the 20th anniversary of the liberation of Paris from Nazi Germany by declaring France and the Soviet Union should cooperate to prevent a "new tragedy in Europe."

CONVICT TO DIE IN CHAIR NOV. 9

HARRISBURG (AP) — Gov. Scranton has set the execution date for Albert E. Raymond of Philadelphia, a Korean War veteran and former prize fighter sentenced to the electric chair for killing a policeman.

Scranton set the week beginning Monday, Nov. 9, for the execution at Rockview Correctional Institution.

Raymond was convicted in 1961 for the 1960 murder of William H. Powell Jr., 30, a Philadelphia patrolman.

Powell was shot to death in the hallway of a lodging house while working undercover on a morals assignment.

The jury set the death penalty.

Raymond allegedly took Powell to the house to meet a girl.

The state Supreme Court affirmed Raymond's conviction on Oct. 9, 1963, and the U. S. Supreme court refused to hear his appeal last June 22.

U.S. School Pupils Spend About \$11 Billion Yearly

WASHINGTON, D.C.—Will the jingle of a cash register be the top teen tune as youngsters return to school this fall?

Yes, says the Small Business Administration (SBA).

No, says the Department of Home Economics of the National Education Association (DHE).

Arguments presented by the two go like this:

"The average teen-ager is self-centered, a conformist, materialistic and a pursuer of happiness," says an SBA publication Building Sales to Younger Customers.

"Boys and girls enjoy spending," the SBA explains. Their average income runs from \$10 to \$15 a week, with no strings attached, and this money is "100 per cent expendable because these youngsters pay no taxes, insurance premiums, rent or grocery bills. Their parents provide such necessities."

MANY HAVE TASS

Sure, says the DHE's publication Youth and Money, teen-agers' pockets are lined with about \$11 billion per year, but all is not on the debit side of the ledger.

Recent research has shown that more than half the teen-agers earn their own money, a goodly number make definite attempts at saving money, and some contribute to the money income of the family, the DHE booklet states.

The DHE has found that a study of high school juniors and seniors in one large southwestern city showed that teen-agers are inclined to be conservatives in their spending practices. Although they approve credit, they are less willing to use it than are their parents.

"... these youngsters are more inclined to favor systematic savings programs," says the DHE booklet. "Possibly this conservatism grew out of observing the misuse of credit at home and the recognition of the value of savings simply because their families did not save."

MANY SAVE MONEY

While the DHE blames parents for not giving their children proper guidance in matters monetary, it does not write teen-agers off completely as spendthrifts and wastrels.

Considering how teen-agers spend their money, DHE researchers found that saving plans are consistent in giving priority to food (school lunches and snacks), recreation, clothes, cosmetics, and grooming aids.

Other studies show that between 9.5 and 14.8 per cent of students surveyed spent money on food for the family. About seven out of 10 purchased gifts for their families.

The DHE, however, concedes that the implications are strong that teen-agers need more guidance to financial matters. Despite the great amounts of money American teen-agers control, the DHE booklet points out that "little tangible effort has been made to guide them toward mature practices in handling money."

"If there ever is a time for teaching money management," it is the teen years," the booklet continues. "And clearly this must be the school's task."

The DHE urges that a "dynamic curriculum dealing with financial management" be incorporated into home economics programs.

The following were guests: Mr. and Mrs. William Pfeiffer, Walkersville, Md.; Arlie Ramsey, Suitland; Terry McCoy, York. A ball game was played and a treasure hunt was held for the children. At the close of the day a devotional period was held.

TAIPEI (AP)—Adm. U.S. Grant Sharp, commander in chief of the U.S. Pacific Command, says the anti-Communist war in South Viet Nam will be a long and difficult one.

TROUT-MUDD FAIL TO LIVEN FLOOR ACTION

By CYNTHIA LOWRY
AP Television-Radio Writer
HOLLYWOOD (AP)—CBS' high command must be disappointed today if it was looking for jokes and snappy patter from its new convention-covering team of Robert Trout and Roger Mudd.

The successors to Walter Cronkite, making their debuts in the key positions on the CBS team, proved earnest, proficient, highly professional. But sprightly? No.

During the 90 minutes before the convention was gavelled to order, their main jobs were handling the news traffic and saying, "and now let's go down to the floor and our correspondent."

PERSPIRING MARTIANS

The floor reporters of all networks, who looked like perspiring Martians in their electronic rigs, were like terriers worrying a bone as they concentrated on the only two subjects fraught with any suspense at all: the Alabama and Mississippi seating fights and the mystery of President Johnson's choice of a vice presidential nominee.

After a while, repetition of questions and evasive answers began to pall.

ATTEMPTS AT HUMOR

CBS' department of wit and humor was headed by Eric Sevareid, whose occasional thoughts are clarifying, down-to-earth and whose remarks are often funny. Harry Reasoner, too, struck light notes adroitly.

ABC, in its effort to add some levity to the sober-sided and intelligent coverage of Howard K. Smith and Edward P. Morgan introduced comedian George Gobel as a political commentator but Lonesome George must have gotten his signals mixed. He interviewed the convention hall's lady organizer. His commercials are funnier.

NBC COVERAGE

Huntley and Brinkley, the ratings champs, headed NBC's smooth, well-organized coverage. Brinkley's greatest talent is his ability to pull together unusual, unexpected bits of information.

The networks are so highly competitive, scurrying around frantically interviewing every public figure in sight, that viewers sometimes feel they are missing the convention itself. Monday night the speeches of New Jersey's Gov. Richard Hughes and Sen. Harrison A. Williams Jr. were largely ignored by all three networks and two of them skipped the opening prayer and flag ceremonies.

FHA Makes Loan For Water System

A \$50,000 loan to a group of 102 rural families in Weedville, Elk County, Penna., to develop a rural water system, was made on August 21 by the Farmers' Home Administration, according to Raymond J. Kerstetter, the agency's state director.

Two and one-half years ago the rural residents of Weedville secured personal funds to provide this community with a small water system to supply 40 families with water. They were unable to obtain sufficient credit to finance the construction of the additional pipe line and facilities to meet the needs of 62 additional families located in this community. Water was purchased by this group from the adjoining borough of Byrnsdale.

The community will now have their own system financed by the Farmers Home Administration, according to Mr. Kerstetter. The water will be obtained directly from Byrns Run located two miles north of Weedville. The nonprofit corporation obtained permits from the Pennsylvania State Department of Health and the Power Resources Board to install the water system.

The loan will enable the Weedville Water Association, Inc., to construct a pumping station, erect a 50,000-gallon storage reservoir and lay three miles of pipe line in addition to the pipe lines that are already installed.

WASHINGTON (AP)—The use of nuclear energy to remove salt from sea water and generate electricity at the same time will be discussed at the third annual international conference on peaceful uses of atomic energy at Geneva Aug. 31 to Sept. 9.

It could also form part of the agenda for an international symposium on water desalination to be held in Washington Oct. 3-9 next year and to which the United States has invited all 114 nations with which it has diplomatic relations.

WASHINGTON (AP)—Scientists have discovered an undersea mountain almost as tall as California's Mt. Whitney but its peak is still 3,800 feet below the surface of the Pacific Ocean.

The Coast and Geodetic Survey announced Monday the discovery 175 miles south of Wake Island. Its ship, Pioneer, found the mountain while on a six-month scientific expedition to the Indian Ocean.

"PAPA IS ALL" AT TOTEM POLE

The Pennsylvania Dutch comedy "Papa Is All" opened Monday evening at the Totem Pole Playhouse with a packed house consisting largely of the Washington County Nurses Alumni Association and will play each evening this week with matinees Wednesday and Saturday. Arline Anders as "Mama" is appealing as the downtrodden wife in her white cap and apron, who tries to protect her "worldly" daughter, Emma, played by Margaret Winn and machine-minded son, Jake, played by Tom McKenna, from the harsh domination of "Papa."

Arden Kiser, a native of Roanoke, Va., is Papa and gives one of the best character portrayals of the many he has played this season. Jean Stapleton, bringing her professional touch to the part of Mrs. Yoder, gets many laughs with her inability to keep her mouth "shut off" and it is she who creates the situation which terminates in Papa being "all."

D. F. Gilliam completes the cast as the state trooper.

The action takes place in the austere kitchen of the Aukamp farmhouse, north of Lancaster, with coal oil lamps and a pump. While the Pennsylvania Dutch dialect is very difficult for "auslanders" to imitate, the cast does very well with it, under the direction of Robert Sheffer, Hanover. They give a very sympathetic portrayal of a close knit family, longing for such things as a telephone and visits to the "picture show," united together against the horse whippings and false godliness of a selfish father. Emma's boyfriend, the "surveyor," who is the cause of much of the action in the play, never makes a stage appearance, but she makes her last exit into the parlor to "sit with him" after "Papa is all."

This play is the next to last this season, ETB

77 Guerrillas Die In Rice Crop Fight

SAIGON, South Viet Nam (AP)—Government forces killed 77 Viet Cong guerrillas during a major sweep for control of the rice crop in the delta area around Binh Dinh, a U.S. military source said Tuesday.

He said a three-day Vietnamese army operation also reportedly had captured 52 Communists and taken a number of weapons.

The rice crop is nearing harvest and government forces in the area 275 miles northeast of Saigon are trying to keep as much of it as possible out of Communist hands.

Latest reports said the government lost three killed and 16 captured in the sweep. The operation is continuing.

New Surgery Techniques

WASHINGTON (AP)—Use of super-cooled probes to make inflamed tonsils disappear in virtually bloodless surgery was described today by two New York doctors. The tonsils are cooled to temperatures as low as 76 degrees below zero Fahrenheit.

The doctors also told of other promising uses of cryosurgery — techniques involving use of extreme cold to kill diseased tissue instead of just cutting it away.

The technique has been used in certain types of brain disorders, such as Parkinson's disease (shaking palsy), and in treating cataracts of the eye, diseased prostate glands, and certain forms of cancer.

Dr. William G. Cahan of the Sloan-Kettering Cancer Center, and Dr. Irving S. Cooper of the Department of Neurosurgery, St. Barnabas Hospital, told about the progress in reports to the first annual meeting of the Society for Cryobiology.

BOSTON (AP)—Richard Cardinal Cushing, Roman Catholic archbishop of Boston, was 69 Monday without any fanfare. He spent the day confined to his residency by a sore throat.

on the parking lot for the transfer of the envelope. When Gordon handed over the envelope Trivitt tore off the corner and, seeing no money inside, said there was no money there. Gordon walked off and State Policeman Charles Todd who had been watching the proceedings according to plan from a motel room nearby, took Trivitt into custody and then with other police arrested Woodward.

HAS PLEADED GUILTY

Woodward has pleaded guilty to the charge. On the stand Tuesday Woodward said Trivitt "should have known" the nature of the transaction. He admitted that Trivitt had been out of town and Woodward had not seen him until the Saturday afternoon the two were arrested. He said, however, that enroute to the Howard Johnson Restaurant he had told Trivitt that he was "bleeding" Gordon.

Henry F. Semke, York Springs R. 2, was foreman for the jury which heard the Trivitt case. Other members were Raymond L. Swope, East Berlin R. 2; June Plank, Idaville; Andrew J. Riley, Seven Stars; John N. Luchenbaugh, Biglerville R. 1; Christine Nowicki, Gettysburg; Martha Klinger, New Oxford R. 2; Joseph Hemler, Gettysburg; Claude E. Snyder, Littlestown; Paul Miller, York Springs; Lewis Klunk, Hanover R. 4, and Charles Stock, Biglerville.

The jury which had heard the charge of driving during suspension against John Henry Smith, Hanover, Tuesday morning returned at 2:25 Tuesday afternoon with a verdict of guilty. Jay P. Brown, Gettysburg, was foreman of the jury.

Will Choose Queen On Thursday Night

Miss Adams County Firemen will be selected at the annual Kingsdale Fire Company carnival on Thursday night. The winner will receive \$75 cash, a loving cup and a corsage. She will be crowned by Miss Donna Helthridge, Hanover, the retiring queen.

The runner-up will receive \$30 cash and a corsage. The third place contestant will be given \$15

ago and which are used at the Susquehanna Trail resort. The Mountain Lakes advertising program will operate on a coast-to-coast schedule to attract vacationers to Adams County and charter bus service will provide local one-day tours to Washington, Baltimore, Lancaster and throughout the county. Rist points out that the attraction will "supplement existing attractions to the local area with facilities to encourage visitors to spend long vacations in Adams County."

Aerial maps of the 1,500-acre tract will be ready for engineering study within the next 10 days, Rist said, and contracts already have been let to two local firms who will begin grade construction early this fall.

A stone and log clubhouse and lodge will be erected for golfers and skiers, he said.

MORE FAMILIES TO QUALIFY FOR SURPLUS FOOD

HARRISBURG (AP) — The number of needy families eligible under the federal-state surplus food distribution program is likely to increase as a result of the so-called "hardship" clause which goes into effect Sept. 1.

Robert Freiler, director of the bureau of surplus food in the state Property and Supplies Department, said the clause will remove from a needy family's available monthly income and liquid assets "those monies expended for emergency or special circumstances." Available monthly income and assets determine a family's eligibility for the program.

EXPLAINS RULES

In a memorandum to county commissioners, who administer the program on the local level, Freiler explained:

"Emergency or special circumstances are considered to exist if the household's income is reduced because of unusual medical expenses, expenses caused by disasters such as fire or flood and other such unusual circumstances."

The memorandum said "each case must be considered on its individual merits and must be supported by adequate proof of expenditures involved."

TIGHTENED IN MAY

Families may be certified for the hardship clause for a period of three months, Freiler said, and may be recertified for another three months "providing

Nevada Goldwater Is Being Ribbed

ATLANTIC CITY (AP) — There's a Goldwater at the Democratic convention. In fact, there are two, one from New York and one from Nevada.

Neither claims relationship to the Republican presidential candidate, Barry Goldwater.

Bert M. Goldwater, a delegate from Nevada, says he is taking a lot of kidding about his name, but he figures it won't last past November.

The New Yorker is Monroe Goldwater, 78.

Emmitsburg

EMMITTSBURG — The Silver Fancy Garden Club met Thursday to discuss plans for the District Five Federated Garden Club Show to be held Sept. 30 in Calvary Methodist Church, Frederick, Mrs. Robert Simpson, president, was in charge of the business meeting.

Mrs. John Richards spoke on bird watching, and picnic luncheon was served by Mrs. Klosky, Mrs. John White and Mrs. Allen Feeser. The Sept. 17 meeting will be held at the home of Mrs. Simpson.

The University of Arizona will play seven night football games this season. Five of them are at Tucson, Ariz.

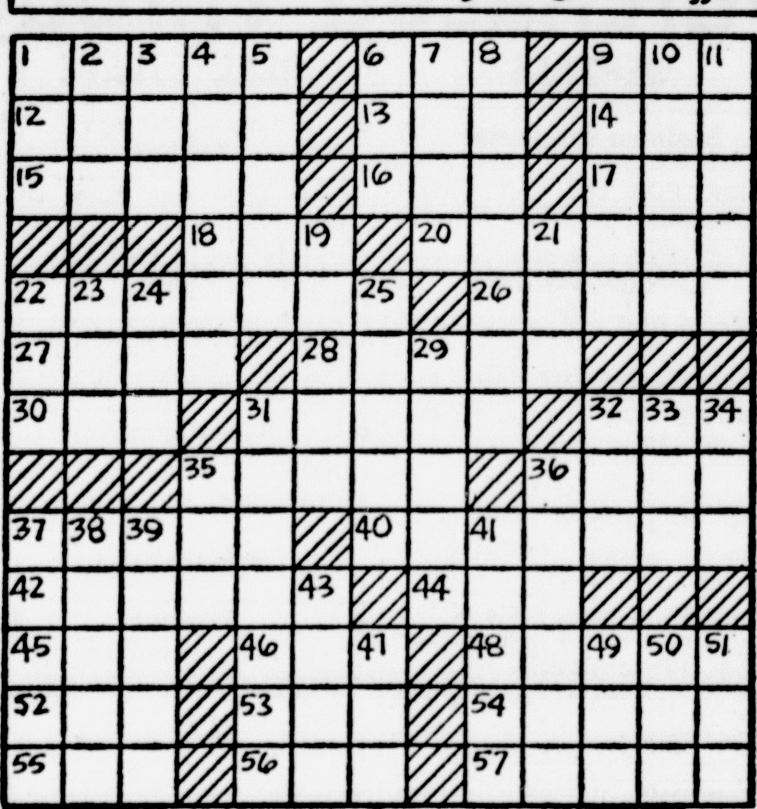

the emergency or hardship has been reconfirmed."

The hardship clause was an attempt to keep as many needy families as possible eligible for the program, Freiler said.

Last May, at the direction of the federal government, eligibility requirements were tightened so that available liquid assets plus monthly income were used to determine eligibility.

Previously, only monthly income was the determining factor. This provision drew protest from the county commissioners across the commonwealth, who complained that the liquid resources restriction would hurt many aged families.

Indict 3 Klansmen In Slaying Of Penn

DANIELSVILLE, Ga. (AP) — Three men identified by the FBI as Ku Klux Klansmen have been indicted on charges of murder in the shotgun slaying of a Negro educator from Washington, D.C.

Prosecutor Cleve B. Johnson said the cases would be called for trial Monday.

Indicted by the Madison County grand jury Tuesday were James S. Lackey, 28; Joseph Howard Sims, 41, and Cecil William Myers, 25, all of Athens, Ga.

They were charged with slaying Lemuel Penn, 49, on a country road near Colbert July 11.

Penn, a lieutenant colonel in the Army Reserve, was returning to Washington from summer training at Ft. Benning, Ga.
